PUT YOUR DRIVERS LICENSE BELOW, COPY & FAX

Orders over \$4000 or Overseas shipments require copy of your U.S. Drivers License.

DEALER BENEFITS & PROGRAMS

NO ACCOUNT IS NECESSARY TO PURCHASE! Simply Call or Order On-Line Anytime!

We are delighted to have you consider joining the team of loyal SETNET installers and dealers and as such believe that we will keep you loyal through a variety of programs and incentives. Here is a review of just a few of the reasons why a relationship with SETNET will be a long and profitable one for you.

TECHNICAL SUPPORT, TRAINING & SYSTEM DESIGN

In these areas, we've heard that we have no equal!

- We provide integration support. Not just product support that's also available from the manufacturer!
 - *We can provide design support for any size project and can even visit your jobsite for on-site training or support. Through this relationship we can also offer your customers a variety of protected or restricted brands.*
- Many of you have attended our classroom or web training and have already experienced this area of our expertise. In order to keep you up to date on the latest products and technology, new programs are being added regularly. Currently we offer:
 - *Web training. Factory authorized and custom created courses.*
 - *Classroom training held in an automated home theater type classroom.*
 - *Video conferencing. Listen in and ask questions over the telephone, while viewing the class material over the web. Some classes include live camera feeds of hands on techniques.*

PRICING, AVAILABILITY & SHIPPING

We currently stock thousands of the most commonly used parts from over many of the top manufacturers.

- Nationally competitive pricing all the time. If you find better pricing, send it to us on our competitor's letterhead and we will do our best to match it. Be sure to ask to be on our monthly fax/email sales broadcasts for even better pricing.
 - *Volume purchases qualify for better pricing. Builder and showroom pricing also available.*
- Our staff has tested and integrated everything we sell. We won't sell anything that we don't test first!
- If it's in our catalog or on our website, we stock it for same day shipment.
 - *We can supply many other products from a variety of suppliers as a "Special Order".*
- In addition to same day shipping, we offer free freight when ordering in bulk. The total order dollar value required for free freight changes by manufacturer. Here are a few of the participating brands.

OnQ Legrand Proficient Audio Elk Products Structured Cabling (Wire)

* Call for specific details. Some variations of policy exist per manufacturer!

Shipping & Returns Policy

- See the current policy on our website at WWW.SETNETPRO.COM/terms/expressship.asp

Payment Methods

We are not accepting any Net customers at this time! Here's why.....

For dealerships that have trouble paying on time, we can avoid losing a friend and customer over late payments when you use a Credit Card to pay us. If a Credit Card company will not provide a card to you, it's because of a poor credit history or no credit history at all. In that case, Bank Transfers, Cash payments and COD are available. If the credit card companies will stay out of the automation business, we will stay out of the money loaning business. Using a credit card to pay us has many other benefits for those who pay on time. For Example:

We have many dealers who would not use any other method because they always pay on time and they avoid the credit card penalties. Then they use their points to go on vacations or electronics like flat screen TV sets. We actually use this strategy to pay our bills too!

Bank Transfers

For large shipments, we prefer Bank Transfer instead of Credit Card payments, contact us and we will advise how to use this method of payment. This is also the only payment allowed for overseas shipments.

Territorial and other Selling Restrictions

Some of our brands do not allow selling on the Internet or restrict selling to the DIY market. When submitting your Dealer application to SETNET you agree to these terms. These brands include:

<i>Nuvo Technologies</i>	<i>Proficient Audio</i>
